Mobile: +91 9508548859

Skills

- **Languages**: C/C++, HTML, CSS, JavaScript, Java, Python, SQL
- **Frameworks**: Numpy, Pandas, Matplotlib, Seaborn, Scikit-Learn
- **Cloud & Devops:** Maven, Docker, Jenkins
- **Tools/Platforms**: Git & GitHub, Linux, Streamlit, MS Excel, Power BI, MySQL
- **Soft Skills**: Problem-Solving, Adaptability, Accountability, Teamwork, Leadership, Continuous Learner

Projects

Meteorite Landings Analytics Dashboard | Sep'2025 - Oct' 2025

- Designed an **interactive Power BI dashboard** analyzing **45K+ global meteorite landing records**, enabling region-wise pattern discovery through geospatial and categorical analysis.
- Designed interactive dashboard features including **KPI summary cards, dynamic slicers, drill-down navigation, and optimized DAX calculations** to support real-time data exploration.
- Conducted **long-term time-series analysis** to uncover historical meteorite fall trends and enhance analytical decision-making through structured visual storytelling.
- **Tech:** Power BI, DAX, Data Modelling, Data Visualization, Geospatial & Time-Series Visualization

Crime Predictive Analysis | | Live Oct'2025 – Nov'2025

- Built an **end-to-end crime prediction pipeline** on **23,872 real crime records**, performing data cleaning, feature engineering, temporal extraction, and spatial exploratory analysis.
- Trained and evaluated multiple machine learning models including **Random Forest, Logistic Regression, K-Means clustering, and PCA**, achieving **~80%+ prediction accuracy** and identifying high-risk crime hotspot regions.
- Designed and deployed an **interactive Streamlit web dashboard** enabling real-time crime prediction, geospatial hotspot visualization, and model performance monitoring.
- **Tech:** Python, Pandas, Numpy, Matplotlib, Seaborn, Scikit-Learn, Streamlit, Machine Learning

Training

Summer Training – Mastering Data Structures and Algorithms | Board Infinity | Jun' 2025 – Jul' 2025

- Strengthened core **Data Structures and Algorithms concepts** and implemented optimized solutions using C++ and Python focusing on time–space complexity.
- Solved **80+ structured coding problems** covering recursion, sliding window, trees, graphs, and searching/sorting techniques.
- Developed algorithm-based mini applications including a Regex Pattern Matcher and Palindrome Checker , improving logical thinking and interview readiness.
- **Tech:** C++, Python, DSA, Complexity Optimization, Problem Solving

Certificates

- Java Programming | iamNeo — Jan'25 - Apr'25
- Cloud Computing | NPTEL — Jan'25 - Apr'25
- Data Structures and Algorithm | iamNeo — Aug'24 - Dec'24
- Fundamentals of Network Communication | Coursera — Aug'24 - Oct'24

Achievements

- Solved 120+ Data Structures & Algorithms problems across LeetCode and GeeksforGeeks, strengthening algorithmic thinking and optimization skills.
- Achieved 5★ rating in Java and multiple badges in Python and C++ on HackerRank, demonstrating strong programming proficiency.
- Earned LeetCode Monthly Challenge Badge (February) for consistent problem-solving and active participation in coding challenges.

Extracurricular Activities

- **Head of Content & Social Media, Spark Student Organization** — Leading content strategy, managing digital engagement, and coordinating promotional campaigns. Jun'25-Present
- Managed **paid social media marketing for KesarimalaTravellers**, creating posts, reels, and targeted travel campaigns to improve brand visibility and audience engagement. Jun'25-Oct'25
- Participated in **COGNITIA Hackathon, Lovely Professional University**, demonstrating problem-solving, collaboration, and rapid prototyping skills. Feb'25
- Contributed to the organization of **Smart India Hackathon** as a Spark member, supporting event coordination and execution. Dec'24
- Attended **Symposium 2.0** (Cyber Security Event), LPU iGen Community, gaining exposure to emerging security trends and technical discussions. Mar'24

Education

- **Lovely Professional University** — Punjab, India
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 7.18*** — Since Aug'23 - Present
- **MB DAV Public School** — Lohardaga, Jharkhand
  Intermediate; ***Percentage: 76%*** — Apr'22 - Mar'23
- **Greater Triveni Public School** — Lohardaga, Jharkhand
  Matriculation; ***Percentage: 90.4%*** — Apr'20 - Mar'21
